Nine-year-old Cynthia Robinson's life was perfectly normal until the day she knew, without being told, of her parents' impending divorce. From there, things got stranger, and now not only does she have premonitions, but she can also read and influence the minds of those around her.

Cynthia is not the only one with the ability to "weave"—all over the country, people with similar abilities struggle to balance their lives with their powers. Some with this gift are weavers with dark motives and grisly appetites who want to use people like Cynthia for their own purposes.

Meanwhile, a top-secret government organization, the Telekinetic Research Center, has been looking for telekinetics to use for its own clandestine agenda. When TRC agents learn of Cynthia and her dangerous pursuers, will they come to her rescue? Or will they capture her and take her power for themselves?
