Agrar of the Cornish Graeme Richard Smith

Three thousand years ago, in the thick of the Bronze Age, Cornwall is known far and wide for its wealth of highly valuable tin. Because of this, Agrar, Chieftain of the Agrarian peoples, must be ever-vigilant in his quest to keep his clan safe from marauders who seek riches from the metals of the land. When strange foreigners arrive from the faraway land of Greece with hopes of amiable trade, new friendships are formed and cultures collide - but despite the good nature of these new friends, they seem to bring danger that no one could have foreseen. In this ancient mythical land, Agrar now has to battle the wrath of Gods and Deities to ensure the safety of his people, and perhaps even more importantly, the safety of his son.
