Croatia Coast 1:300,000 Travel Map, waterproof REISE

This map is double-sided to provide the best balance between a good scale and a convenient sheet size (size 100 x 70 cm / 39.5 x 27.5 in) with topographic and tourist information. It is waterproof and tear-resistant, durable enough to survive time spent in the rucksack, pocket or on a restaurant table.

Croatia is shown on three panels designed to provide convenient coverage of its most visited part - the Adriatic Coast. The coastal strip is presented at 1:300,000 with the mapping tilted so that the coastline stretches horizontally. The inland part of Croatia is added as an inset at 1:700,000 - see the coverage image.

Light altitude colouring with names of mountain ranges, peaks, etc, shows the topography; national parks and protected areas are highlighted. Road network, clearly visible against the background, includes local roads and selected tracks, and indicates routes closed to motorized traffic. Driving distances are marked on many smaller roads. Railway lines are shown with stations; ferry links along the Adriatic indicate approximate passage timings. Locations of particular interest are highlighted and symbols mark various other places of interest. Latitude and longitude lines are drawn at 15' (coast) and 1° (inland) intervals. Map legend includes English.
