The booklet *Common Sense*, written by Thomas Paine, inflamed its readers and ignited the American Revolution. It was in *Common Sense* that the United States constitutional form of government was first suggested. The forces that were focused and unleashed by *Common Sense* led directly to *The Declaration of Independence*, which in turn led to the American Revolution. The United States' victory in that revolution led to the *Articles of Confederation*. Dissatisfaction with the *Articles* caused Alexander Hamilton, John Jay, and James Madison to write *The Federalist Papers*, which then led to the United States Constitution as we know it today, including the *Bill of Rights* (constitutional amendments). Here in one volume are these cornerstones of American freedom.
