America is increasingly becoming more multiethnic and multicultural and the church is no exception. Throughout her history, churches that have been started by immigrants wrestled with the ministries to the new generation. Some have reached beyond their immediate community to be more inclusive while others tenaciously held on to their religious and cultural traditions. This book seeks to understand all these phenomena from the biblical motif of oikos or home. That is, the church is to be a home for all kinds of misfits in the society. Having empowered the marginalized in their house of freedom, the church's eventual vision is for them to step out of their comfort zones to be unleashed into the world as powerful agents of transformation through the gospel of Jesus Christ.
