From Amazon Bestselling Author, Lexi Duval, comes a delicious new billionaire erotic romance series, Blackmailed By A Billionaire! Readers should be 18+ for sex scenes and swearing.

PART ONE

Daisy Roberts presents the world with two separate faces – her 'work' face, and her 'real' face. At work, she's sweet, polite, and is desperate to get ahead.

Outside of work, however, she adopts a different look, and a different personality, using men as stress relief to ease the burden of her boring job.

For three years, she's been trying to get ahead, and failing miserably. And now, the trading company she works for is about to be taken over by a couple of wealthy billionaires...and they have a reputation for gutting the current workforce and starting afresh.

Daisy knows she's on the chopping block, and that her days are numbered. And when she has to go through a performance review, she'll have nowhere to hide.

On the Saturday before the takeover, therefore, her stress levels are at fever pitch – and there's only one way Daisy knows how to solve that problem. She goes out to a local club, meets a stunningly gorgeous guy, and in the blink of an eye, they're having sex in a private room.

In most cases, that would be the end of the story for Daisy. But, this time, fate is playing games with her. Because back at work, it's time for her interview with the son of the billionaire taking over the company, Colt Franks.

A young man she just happens to have already met once before...

PART TWO

Daisy is shocked by the revelation that her new boss is actually the guy she slept with just two nights before. Not only that, but he's the son of a billionaire, too, and holds the keys to her future in his hands.

Colt is the one man who will determine whether Daisy will make the cut and keep her job, or be terminated from the company with immediate effect. When he looks over her performance files, he quickly realizes that, perhaps, she's just not up to it.

But for Daisy, this isn't the end. She'll fight for her job or die trying, and will do anything to keep it. And to the young billionaire, 'anything' carries a different meaning to what Daisy could possibly imagine.

So he presents her with an offer, although to her it's nothing but blackmail. She's originally repulsed by it all,

and her heart and her head do battle to determine what her answer will be.

But when her close friend Anna faces losing her job, and maybe more, Daisy finds that she really has no other choice but to concede to the billionaire's demands. And she has some demands of her own...

But will it be the best, or the worst, decision she's ever made?

PART THREE

Daisy's arrangement with the beautiful billionaire, Colt Franks, continues, and soon her life seems to be going in just about the perfect direction.

Thanks to Colt, she's got a great job, her friend hasn't been fired, and her old nemesis, Mr Bennett, is sat at home eating pizza and drinking rum. And then, of course, there's the sex, which is seismic, varied, and truly epic.

But sometimes, epic isn't enough, and soon Daisy begins falling into the age old trap – she begins to develop real feelings for the young billionaire.

But he's still got her under his thumb, and aside from small moments of intimacy, she has no idea how he truly feels about her. And with all this turmoil coursing through Daisy's brain, Chloe comes to her with a solution – to find another man, and forget about Colt forever.

And so, they go out, and redeem their old partnership, but soon Daisy's night takes a turn for the worst, and one she doesn't expect.

But, in the end, good things can sprout from the bad, and soon Daisy and Colt will discover just how they truly feel about each other...
