Game Strategy and Tactics for Basketball: Preparing to Win the Sideline Battles is both a how-to book and a guide for how to plan strategy and tactics for basketball for an entire season or an individual game. Coaches often focus on X's and O's and overlook how and when a particular offense or defense should be applied and used during a game. Game Strategy and Tactics for Basketball: Preparing to Win the Sideline Battles serves as a planning guide and a master checklist for all the possible situations that a coach will face during a season. The book includes both traditional and some "out-of-the-box" strategies to the common situations that coaches face and provides both the pros and the cons of the approaches described. It is not the author's intention to tell each coach exactly what to do, but to serve as a guide in the decision making process.

About the author:
