Picture it now, thirty or forty people all standing around looking at you as you wriggle in the ropes, none of them having any idea that there's a toy buzzing away inside you, keeping you on edge. One touch from any of them would send you into orbit. But there's only one of them who can really help you, and he's there among them, holding the remote.

Having settled nicely into her position at the **BDSM** shop — and her budding relationship with the **steamy, dominant** Brett — Tracy's feeling more and more comfortable with everything: her job, her life, and her **submissiveness**.

But Brett's all about **testing** her, and his latest little hurdle for Tracy involves a particularly **hot little toy** and the remote control that operates it. And as luck would have it, he's making her wear it on the same day she gets volunteered to participate as the submissive in a **bondage** demonstration for some local customers!

Could it be too much for the new, more **experienced** Tracy to handle? There's only one way to find out!

This **steamy short romance** features **bondage, BDSM, male domination, female submission, young adult antics, and much, much more**. Enjoy!
