Do we really want to continue living life experiences that are filled with disappointment, destruction, deception and devastation? If not, then the first thing to realise and accept is that our life is not our own in exclusivity because it also makes a significant impact on other expressions of the divine in its unerring path to self-realisation. These tell-tale impacts direct us towards the next moments in our life journey and reveal, therefore, how very much our life actions, as much as our life presence, are irretrievably coupled with all of life. This book highlights the 'model' of life that we were truly born to live; illustrates the ease with which we have forgotten our divine nature; emphasises the 'bottom line' about "Who I Am" and of "Why Am I Here"; exposes the invalidity of the "five senses" through which we have chosen to experience life; reveals the validity of the intuitive wisdom we receive from our divine subconscious mind; and finally, it gives suggestions that will support us to manifest true peace, harmony and unconditional love back into our awareness as we take ever eager steps to find our way to our ancestral home of divine perfection which we have never really left. It shares the five 'practical' fundamentals that will help you to reclaim your divine Mastery. There are several practical suggestions for rediscovering and reclaiming the power and wisdom of your divine mastery and alchemy and many guiding notes for initiating the process for doing so. The journey is one of fulfillment, excitement and revelation. I wish you all God Speed. Throughout my life journey I have received 'messages/transmissions' of wisdom through dreams, visions and the so-called 'actual' events that have unfolded as I moved joyfully on my life path and I have shared these in the book with all of you as encouraged by my soul during its 'conversations' with me. I hope you will honour my sharing as I honour the life impacts you have brought into my life and I look forward to you sharing your comments and insights with me. love, joy, Namaste and peace be with you...
