Lloyd is passionate about two things: Bea and trivia. The problem is that he's divorced from Bea, a local college professor, and his encyclopedic knowledge of random movie facts is far less of an asset than he'd like in reuniting them. Nonetheless, Bea's burgeoning romance requires that he develop a reunion plan...and fast. And, if there's one thing Lloyd has learned from the movies, it's that it's never too late for the grand gesture to win back the woman of your dreams. In order to succeed, Lloyd must rely on every insight he's gained from movie trivia and a troublemaking friend to make his dreams come true. A book for anyone who has been in a relationship, ended a relationship, rekindled a relationship, or believes that relationships can be built out of thin air just like in the movies.
