"What we do here is offer a service for the wealthy... mostly wealthy men — though there are sometimes women interested! — who enjoy the creamier things in life."

I couldn't believe the mess my life was turning into. A really, really stupid plan with my boyfriend landed us both in handcuffs and awaiting trial for attempted robbery. My life was ruined! This would follow me forever, even after prison. How would I ever find an employer to trust me enough to hire me?

After a quick ride to a beautiful farmhouse, though, I was offered an alternative. I could *submit myself* to something that had only been referred to as "the program," or I could take my prison sentence.

I couldn't go to prison.

What the program had in store for me on my first day is too hot to say here, but you'll never believe how the *billionaire owner sampled my product, hard and without protection*. Join me as I relive my *first time* in the program, and be sure to check back as I continue to tell my story!

"It doesn't hurt at all, Leah. In fact, it's pleasurable, and we've found that the more pleasure a milker receives while being pumped, the more product she'll produce. Watch."

It was my second day in the program I had entered in lieu of prison time for a stupid crime that my boyfriend at the time and I had attempted to commit. I couldn't believe how lucky I was, though. The rooms the other women and I were assigned to in the mansion were so lush, and we were given anything we desired -- clothing, food, entertainment, and other pleasantries.

While I was *taken hard and without protection* on my first day by the *billionaire owner*, I had no idea what to expect when I was escorted to the production room. Everything looked so clinical, but my worries were lessened when I was allowed to watch one of the other women in action. She certainly looked like she was having the *hottest, most pleasurable time in her life*.

It was my turn next. Join me as I experience my *first time* with one of the production machines, providing me as much pleasure as my *tight little body* could handle and then some!

"We actually have some news for you! A client has chosen you as his entertainment for the night, do you think you're ready?"

It was finally time for me to find out first hand what this program was all about. Joseph, the billionaire owner of the program, had set me up with my very first client that I would be meeting and *pleasing* tonight. I was nervous, after all -- it would be *my very first time!*

Join me as I entertain my first client, a *gorgeous black man who wants to take me hard and without protection* all while sampling my *creamy product!* Would I be able to handle it *rough and dirty?*

More than one client? Ty had been almost more than I could handle and he was only one man!

I had apparently done so well with my first client, that Joseph came to my room personally to sing my praises! I was ecstatic, and then he asked a special favor of me. Two fellow business men, partners of his in another venture, were interested in something a little more long term, and wanted to *share me* to ensure that I was the one they wanted.

It seemed outrageous! But I was intrigued.

Join me as I entertain not one, but *two men at the same time*, letting them *fulfill me in every way imaginable, hard and without protection*. Will I be able to *satisfy their darkest desires?*
