Through the work of Andrew Walls, an introduction to the paradigm shift that recognizes the dynamic reality of Christianity's emergence as a world religion.

Recent years have seen a paradigm shift in Christian self-understanding. In place of the eurocentric model of Christendom, a new understanding has emerged of Christianity as a world movement. At the cornerstone of this new perspective lies the work of a remarkable scholar, Andrew F. Walls, whose book, *The Missionary Movement in Christian History* (Orbis 1996) was named by *Christianity Today* as one of the hundred most influential books of the twentieth century. *Understanding World Christianity* introduces the Walls's work and explores its wide-ranging implications for the understanding of history, mission, the formative place of Africa in the Christian story, and the cross-cultural transmission of faith.
