Miles prepares for a fantasy that is just as much his own as the woman who desired it. Can a virgin understand the concept of a sexual fantasy, and will Miles find he's not as professional as he thought when living out a desire he's had for a long time? Amber may look like a little pixie doll but she's been waiting on this experience for a lifetime.

Samson and Zoey are dealing with issues in their complicated relationship and things are reaching her tolerance level. Will she be strong enough to deal with any scenario that Samson throws her way, or decide that having him isn't worth the limits he pushes her past?

Leon helped Leif discover that there was more to sexuality than just heterosexual love, but can he take the next step and accept the relationship Leon craves for them to have? What happens when all your boundaries are exceeded?
