How to Win Money on FanDuel and DraftKings: 21 Tips and Strategies for Winning on NBA Basketball Scott Miller

You may have heard of this FanDuel and DraftKings daily fantasy sports stuff. How could you not? They have bombarded us through all forms of media with a constant stream of ads. The ads describe a regular guy (just like you!) who signs up with a cool user name like "paydisguy," pays a dollar, casually selects a lineup based on his endless listening to sports talk radio, and is soon cashing oversized cardboard checks and telling his boss to get bent because, "Hey, FanDuel, bro!"

If you have already played, you may have found your experience to be different. However, daily fantasy sports is not a scam. Your odds of winning are much better than your odds of winning the lottery. You can play and win each and every day. It is not impossible. However, it does require work, research, timing, data analysis, and of course, luck. In this book you will learn tips and strategies that will help you compete with the pros and put cash in your pocket.
