Parris Island: "The Cradle of the Corps" Eugene Alvarez

Here, for the first time, author and former Parris Island drill-instructor Eugene Alvarez records the training and tough physical and mental challenges that have helped to churn thousands of Marines out of Parris Island, South Carolina for nearly a century.

Drawn from first-hand accounts of recruits themselves, the memories and recollections in these pages are humorous, sad, profane and enlightening--describing a training program that, on first encounter, often appears insane. But the results are clear: a disciplined Marine with a proud history that he or she carries proudly in peace time or war.
