The Left Hand of Darkness: An Anecdotal Investigation into Science Fiction's Archipelago of Sexual Deviants and how their influence leads the media to mainstream Pedophilia *The Twin Red Shadows of Justice*

The mainstream media, influenced by a small but vociferous group of science fiction authors, is starting to try to "normalise" pedophilia. *The Twin Red Shadows of Justice* take this utterly dark topic and manage to write about it in a way that is both hilarious, yet informative without detracting from the very serious implications. It is the first shot fired back at a culture war in which the prize for the enemy is the sexualisation of your children. Read this book, buy it for your friends for Christmas and make them aware that simply being quiet on the sidelines is no longer an option. Find out who the specific individuals pushing pedophilia are. Let your eyes boggle, and your mind laugh at the horror, but instead of despairing, discover how to fight back the onslaught on your children's lives and future in a way that is actually effective as well as fun.
