The X3 Handbook for Albion Prelude (Annotated)(Illustrated) (Guides and Documentation for Egosoft games. 2) Timothy Ellis, plus 45 Contributors

The X3 Handbook for Albion Prelude, is a compilation of guides, facts, documentation, wisdom and Humour for X3 Albion Prelude, X3 Terran Conflict, and X3 Reunion.

These are three games in the Egosoft X-Universe series of 4X computer games, referred to collectively as X3.

At last, the Handbook has been updated to the full 3 game arc, completely reformatted for Kindle, with new photos from the games.

The handbook brings together a vast mixture of game information from a multiple of sources, especially because finding them all individually is almost impossible. The handbook presents each individual work in a logical progression with regard all others, gathered into one book for ease of finding and reading.

Warning: May contain insanity, irrelevance, irreverence and bad spelling. Read at own risk. This book is a compilation of the works of many authors and reproduced with their permission. There has been no attempt to standardize any of the words, language, phrasings or in some places the punctuation. The guides presented here were written all round the world by people with different levels of literary ability, from different cultures, different language bases, and with different concepts of spelling and grammar. So, anything you find in here which twitches your 'proof reader nose', should be taken out on the nearest Paranid.
