## Air Cargo Claims (Aviation Practical Guides) Rex Tester

The structure of air cargo claims is highly complex. Claimants may often have difficulty in establishing against whom they should make their claim. With the emphasis on practicality, this text is aimed at the entire air cargo industry from airlines and their insurers to freight forwarders, and importers and exporters. It illustrates the demarcation of responsibilities and liabilities of the various key players in the aviation market, and the contractual responsibilities and the liability implications between the various parties.
