Kneel, Mr. President Lauren Gallagher

Sworn to have their lover's back, front, or any other side that needs covering. Secret Service agent Kent Sinclair, head of POTUS security, thought himself prepared for every contingency. Until the First Lady—a woman who barely tolerates his presence—approaches him with a request that startles the hell out of him. Carlene Broderick is frightened. With the weight of the country and impending war on his shoulders, her husband, James, is buckling under the strain. The key to helping him cope is the name he calls out in his sleep—and it's not hers. It belongs to his fellow ex-SEAL team buddy. His ex-lover. Kent. Without hesitation, Kent plunges into treacherous emotional territory, only to realize it's not really him that James needs. The Commander in Chief needs to give up complete control in the bedroom. To relieve that much pressure, Kent and Carlene must work together and declare a truce that rapidly heats up into something more. Something that leaves James caught deep in forbidden territory—torn between his beloved wife and the man he's never stopped loving. Warning: Contains three forty-somethings discovering whole new sides of themselves, a rejuvenated marriage, and plenty of kinky fun. All brought to you by an ex-SEAL in a wetsuit, a bisexual President, and a First Lady with a tattoo on her ass.
