Publication Date: February 23, 2005 With just three days to prevent the assassination of the President, Army lawyer Sean Drummond races the clock in the high-stakes countdown of his career. Army lawyer Sean Drummond's new posting is to the Office of Special Projects, a CIA cell that handles the most dangerous threats. When the White House Chief of Staff is found brutally murdered, there's a note beside him promising more victims--including the President. Sean leaps into action, teaming up with a beautiful colleague to try to stop the assassin. As the killer stalks the campaign trail, apparently driven by a \$500 million bounty on the President's head, all arrows point to a member of the White House security detail who's gone missing. Only after a dramatic hostage rescue that culminates in an intense shootout does Sean realize law enforcement's horrible miscalculation--and what must be done to set things right.
