**Renounced (Southwestern Shifters Series Book 10)** Bailey Bradford

## **Southwestern Shifters:**

*There are many reasons to visit the beautiful Southwest, a land of mystery, magic and mayhem—and shifters.*

*Sometimes a wolf is just a wolf...except when it's more. Shifters roam the Southwest, in packs and alone, struggling to survive. When it's discovered, by one wounded outcast, that gay shifters also have destined mates, the shifter world is forced to rethink its beliefs. A change in the shifter hierarchy is shaking up the packs, making new rules and forcing the shifters' archaic ways out the door. For some, the changes may come too late; their faith in their fellow shifters has been shattered.*

*For others, the changes are embraced with open minds and hearts—and a hope that burns deep inside. To be accepted, part of the pack, instead of living with the threat of being shunned for their sexual preferences—many shifters are free for the first time. They have the hope of finding their destined mates, men who fill the emptiness in their souls.*

*But not everyone in the shifter world is willing to accept the changes, destined mates or not. They don't want their ways to change, and they will do anything, no matter how evil, to keep the packs under their power.*

### **Book Ten in the Southwestern Shifters series**

*Nothing is as simple as it seems—or as safe.*

Dallas Smith just wanted a nap in the hammock but he ends up being abducted by a jaguar shifter named Tiago. They have a distinctly different take on several subjects, and Dallas is shocked to learn just what Tiago really is.

Tiago thinks the wolves in the rainforest are an invasive species that need to leave.

Meanwhile, there's a threat to the rainforest that no one saw coming. Marcus Criswell has had more losses in the past year or so than he can deal with. He has to, though, because he's the Alpha Anax of the North American packs. The only reason he's in South America is because his guard was kidnapped, but now

Keegan is safe.

There's still the matter of the man who tried to abduct Keegan. He can't go unpunished. Then another shifter goes missing—Dallas, gone from the hammock in a heartbeat.

And on top of that, Maarten is missing.

It just got hotter than hell in Brazil.

**Bailey Bradford**

## **About the Author:**

A native Texan, Bailey spends her days spinning stories around in her head, which has contributed to more than one incident of tripping over her own feet. Evenings are reserved for pounding away at the keyboard, as are early morning hours. Sleep? Doesn't happen much. Writing is too much fun, and there are too many characters bouncing about, tapping on Bailey's brain demanding to be let out.

Caffeine and chocolate are permanent fixtures in Bailey's office and are never far from hand at any given time. Removing either of those necessities from Bailey's presence can result in what is known as A Very, Very Scary Bailey and is not advised under any circumstances.
