To my beloved Sister's all over this world... To understand who we are as women, we must first recognize and understand who we are as daughters of the One and Only True Living God. In that lies the understanding that our quality of life is not determined in comparison to another woman; but on God's unfailing love and predestined purpose for our lives. We were each uniquely created and equipped with everything we need to lead successful lives and to fulfill our divine purposes. We must learn how to be open and receptive to receive Gods love and to his predestined purpose for our lives. When we allow ourselves to be open and receptive to God's plans for our lives, we will experience true joy, fulfillment and peace. Within God's purpose is EVERYTHING we will ever need. Each of us hold various gifts, talents and abilities, all of which come from God. If we desire and are willing, God will use what he's given to us, coupled with our life's experiences, regardless of how we may view them, to bring us into our divine purpose. Understand this, our divine purpose cannot be realized outside of God and is ONLY attainable by spiritual obedience, faith, trust, and practical implementation by way of God given wisdom and knowledge. The value and impact of our God given abilities are not only essential and imperative to our quality of life, but also to the lives of countless others. As daughters of the One and Only True Living God and residents of the Kingdom of God, we should never settle for less than what was originally designed and predestined for us. We are daughters of the Most High God. When we live outside of our God given purposes, we live beneath our God given privilege."
