Kindle Voyage Users Manual: A Guide to Getting Started, Advanced Tips and Tricks, and Finding Unlimited Free Books Steve Weber

Finally, a guide for using your new Kindle Voyage, to the max!

Hi, I'm Steve Weber, publisher of Kindle Buffet, a daily list of free and discounted Kindle books. You can get a free subscription at **KindleBuffet.com**. After you buy this book, head over to the Buffet and chow down!

Amazon's newest Kindle, the Voyage, sets the gold standard for eReaders. It's noticeably lighter and smaller than its predecessor, the Paperwhite. When you consider the quality of the hardware plus the richness of Amazon's unsurpassed library of content, it's an unbeatable combination. Nothing else even comes close, and nothing can threaten the Voyage's dominance for the foreseeable future.

The biggest improvement the Voyage brings is its incredible display, which equals the sharpness and contrast of the printed page. When you compare the Voyage and Paperwhite side by side, the Paperwhite's display is fuzzy and blotchy.

Yes, the Voyage costs a bit extra, but it's worth every penny to the discriminating reader.

The Voyage is the perfect e-reader, whether you're sitting on the beach or reclined in bed. With no glare in bright sunlight, and the built-in backlight, you can read for hours on end with no eyestrain whatsoever, and no worrying about battery stamina. Lighter in weight than most small paperbacks, the Voyage allows you to concentrate on reading, without distractions like email.
