## **American Singularity: The 1787 Northwest Ordinance, The 1862 Homestead And Morrill Acts, and the 1944 G.I. Bill (Richard B. Russell Lecture) Harold M. Hyman**

"Since the first shots rang out at Lexington and Concord, signaling the beginning of open war between the colonies and England, America has been credited with a singular conviction, a concern for individual rights unique in the world. The idea of America as a promised land of economic opportunity, social mobility, and political freedom has not always flourished. Historians have both given it reality and shaken its substance as they exposed an undercurrent of greed, class conflict, and corruption. Harold M. Hyman explores the question of American singularity, using the Northwest Ordinance, the Homestead and Morrill acts, and the G.I Bill to measure individual access to land, education, and law. Examining the legislation that emerged from three periods of conflict in American history, Hyman reveals a consistent pattern favoring equal access to land, education, and law—a progression of singular, if sometimes flawed, attempts to embody in our statutes the values and aspirations that sparked the Revolution. "
