Piss In My Face and Tell Me It's Raining Tina Perry

Piss In My Face And Tell Me It's Raining was inspired by just listening to different situations that women have experienced. This book was written to expose the men that have been preying on women, as well as trying to run circles around our heads for far too long. Have you ever been in a relationship and you caught your partner red-handed and they tried to reverse the whole situation like it was you that was in the wrong? Well this book was designed with you in mind. As you flip through the pages you are going to find mind blowing encounters, that you or someone you know has dealt with. This book entails deceit and the lies that men speak with different forms of manipulation that men try to use against women. Also how the devil deceives men into mistreating women without them ever knowing. How the enemy blinds us by using bright lights (flashy cars, handsome men, and their allege charming ways). Making everything to appear gold while masking those wolves in sheep's clothing. Ultimately giving them the opportunity to orchestrate the power of persuasion, along with a blinding force called deception. It also speaks about why many women have break ups and end up with the same man just in a different body.
