Three full-length novels:

Last Alpha

He never wanted to fall in love. She never planned to let him... Jenny Layne has made a career out of investigating werewolf reports, but every case has only confirmed that shapeshifters are the stuff of legend or madness. *Until now.* Billy Stewart has traveled the world in pursuit of stories of shapeshifters and other strange phenomena, but the last thing he ever expected to find was love. Billy is not a man who falls easily, but when he does, it's a force of nature. As love boils over and the dark secrets buried away in the past rise to the surface, a night of murder raises the stakes yet higher. By turns passionate romance and gripping paranormal thriller, *Last Alpha* tells the story of two people whose paths collide with earth-shattering consequences, and asks can Beauty ever really hope to tame the Beast?

Rogue Male

She'd always known he was a bit of a rogue, but what if it was worse than that? So much worse... Skye Parker wasn't *that* girl. The one who chases love. The one who puts romance ahead of everything else. The one who would travel the length of the country in response to a throwaway online comment and a whole lot of wishful thinking. *Until now.* Iain Logan is most definitely *that* boy. The wild one. 'Trouble' is not so much his middle name as something engraved on his heart. He's a young man with secrets, too. Secrets that make him hold everything at a distance, even the girl who might just be the love of his life. When he finds wild wolves near his Highlands home after an absence of close to three centuries it's a chance to prove himself - if only he can get people to believe him. But as old friends rebuff him and the dark truth unfolds, Iain has some tough choices to make. Choices with life-changing consequences. It would be madness for Skye to fall for him. Dangerous. But sometimes madness is the most sensible thing of all.

Snow Wolf

Can you ever be sure of a shifter's heart? Jenny Layne has her man, but does she really have his heart? Just when Jenny needs him most, Billy Stewart has gone missing. Has she scared him away, is he in danger, or has he succumbed to the call of the wild? As the worst winter in a generation closes in, the search for Billy rapidly becomes a matter of life or death - for him, and for those who seek him. Jenny is the person most likely to find him, so why does she refuse to join the search? What does she fear even more than losing the love of her life?
