Deep in the Dirge World, we come to the beginning of a new era for the things that go bump in the night. In this dark fantasy horror short story, fighting against who you have been made into comes easy when you think things through. Taking a hold of your life is a leap of faith in this story about a vampire finally owning who he should have been all his long life.

As a child he was forced into battle by his father, a process he repeated with his own sons. If you survived, you were given a number. My father burned off his number and replaced it when he became the only surviving son by fate or treachery. I still wonder what his number truly was, how far down he must have been to think committing regicide was a step up.

Follow the stories of the Dirge Series as they span through time and shape the world you thought you knew into an entirely different beast. Keep a look out for more short stories, novellas, and books about your favorite Dirge Series characters.
