Recent scientific report has demonstrated that the human can generate metabolically useful energy in the form of ATP from sunlight and intrinsic water. Within this book is the complete mechanism of human photosynthesis backed by peer-reviewed journal articles. Finally, research has reached an explanation for this amazing lifestyle. This book also includes a full analysis on the spiritual implications that coincide with the breatharian lifestyle. Jesus said it quite plainly in the Gospel of John:

Jesus replied, “Very truly I tell you, no one can see the kingdom of God unless they are born again.”

“How can someone be born when they are old?” Nicodemus asked. “Surely they cannot enter a second time into their mother’s womb to be born!”

Jesus answered, “Very truly I tell you, no one can enter the kingdom of God unless they are born of **water** and the Spirit (which means **breath**). Flesh gives birth to flesh, but the Spirit gives birth to spirit” (John 3:4-6)
