The Last Ark Apocalyptic Series

The Final Old Rite Roman Pope Defies the Antichrist's Takeover of the Vatican

"For fans of the apocalyptic genre, this won't disappoint. I feel odd describing that as a genre since I don't want people to think this is simply a redux of the Left Behind series, but there you have it. The storyline is (unfortunately) believable, or at least very relevant to our times. The political intrigue described at the Vatican is right on the mark - and I say this as a Traditional Roman Catholic, not just as someone who wants to find fault with the goings on at the Vatican. I hope the apocalyptic elements aren't something we end up seeing in our lifetimes, but it certainly makes you wonder. I picked it up as a single novel, so by all means go for the omnibus edition. I'm looking forward to the next installment." **Barnes and Noble Review**

The Last Pope defends the Traditions of the Catholic Faith during a Global EMP War. When the Vatican is systematically taken over and destroyed from within by the ruling socialist elites, and the signs of the end are all about, the promised Fatima Apocalypse begins. The Last Ark carries the tiny Remnant of the Faithful far beyond the reaches of the gates of hell... and deep into Mary's Realm.
