Into the Dark (Dark Trilogy) Patrick D'Orazio

Six weeks ago, the mysterious virus came out of nowhere and engulfed the world. Everyone infected seemed to die...then rise again. Jeff Blaine did his best to hold his family together and to protect them from the horrors scratching at their door, but in the end, they were ripped away from him like everything else that ever mattered. Lost and alone, Jeff decided his only option was to destroy as many of the monsters that stole his life away before they destroy him as well. But when he discovers Megan, George, and Jason, three other survivors not interested in giving up just yet, he reluctantly accepts that there might still be a reason to fight and live to see another day.

Traveling through the blasted landscape their world has become, the quartet discovers that the living dead aren't the only danger with which they must cope. Even other survivors who promise safety and security from the hordes of ghouls roaming the wastelands will test loyalties and their faith in humankind. Jeff and his small band of newfound friends must forge a semblance of life in the newly blighted world. And they will have only the light of their own humanity by which to navigate as everything around them descends into the dark.
