Congratulations on your desire to impress your partner and enhance your sex life!

There are few topics as taboo to discuss as sex. In fact, it is so taboo, that it isn't even listed when people talk about what topics should never be discussed in public (that's left to religion and politics). Our conservative society discourages honest and frank conversations about sex. Instead, individuals are left to watch pornographic movies and are lead to believe THAT is how everyone is doing it. Alternatively, they try to stick to being good little boys and girls and stay focused on just having basic sex that inevitably leaves both partners unfulfilled and unsatisfied.

Following that plan, though, individuals often go without knowing what it is that their partners want and/or need when it comes to sex. One of the number one reasons couples stop having regular sex is because the passion dies and it become boring and monotonous. It's a chore instead of a pleasure.

What if there was another way? What if it were possible to bring sex out of the closet and really appreciate it for the many benefits, both for mental and physical health, that great sex can provide? What if you could learn the tips and tricks that would impress your partner and revive the passion and excitement you once had? Individuals could then strive to improve their experiences and creating a scenario that would enhance their sex lives for the rest of their lives.

In this book, you will first learn some of the basic tips and tricks to impress your partner and improve your sexual experience. This foundation is critical to getting all the rest just right. It is the little things that tend to be most impressive because it shows that you care enough to pay attention to every detail.

In the second part of this guide, you will learn some tips and tricks that you can explore with your partner to enhance your sex life and add some new passion and excitement. Be open to exploring the different tips even if it is just about starting a conversation. You never know where it might lead.

There are no limits on what you might discover about yourself and your partner when you aim to impress. Have fun with it and see where it takes you!
