The Worry Stone

Marianna Dengler

The Worry Stone Marianna Dengler

Folks say if you're troubled or worried, and if you rub the stone gently, like this, the worry goes away. Every day the woman walks to the park, the bright red feather bobbing on her floppy old hat. She watches the children play and tries not to think about her own children, scattered to the winds, and herself, growing older each day. Then one day a small, serious boy joins her on the park bench, and she realizes that once she was small and serious, too, but she had Grandfather?and his stories?to make life wonderful. Perhaps there is a way to share that wonder. The Worry Stone is three tales woven together, the way human lives are connected despite distance and time. It pays homage to the first people of California's Ojai Valley, the Chumash Indians, and the power of folktales spoken aloud. Written and illustrated with loving hands, The Worry Stone shows us how the stories of the past can join with the unfolding future, turning one lonely old woman and one lonely young boy into friends.

From reader reviews:

James Rodriguez:

Spent a free a chance to be fun activity to perform! A lot of people spent their leisure time with their family, or their own friends. Usually they accomplishing activity like watching television, planning to beach, or picnic within the park. They actually doing same thing every week. Do you feel it? Would you like to something different to fill your free time/ holiday? Could be reading a book might be option to fill your free time/ holiday. The first thing that you ask may be what kinds of publication that you should read. If you want to test look for book, may be the guide untitled The Worry Stone can be good book to read. May be it could be best activity to you.

Sylvia Kirby:

Are you kind of hectic person, only have 10 as well as 15 minute in your morning to upgrading your mind ability or thinking skill even analytical thinking? Then you are experiencing problem with the book as compared to can satisfy your limited time to read it because pretty much everything time you only find book that need more time to be learn. The Worry Stone can be your answer given it can be read by a person who have those short spare time problems.

Barbara Jackson:

Is it an individual who having spare time then spend it whole day through watching television programs or just telling lies on the bed? Do you need something new? This The Worry Stone can be the answer, oh how comes? It's a book you know. You are and so out of date, spending your time by reading in this fresh era is common not a geek activity. So what these ebooks have than the others?

Harold Bunch:

Many people said that they feel bored stiff when they reading a publication. They are directly felt the idea when they get a half regions of the book. You can choose the actual book The Worry Stone to make your current reading is interesting. Your current skill of reading skill is developing when you such as reading. Try to choose easy book to make you enjoy to study it and mingle the sensation about book and reading especially. It is to be very first opinion for you to like to open a book and read it. Beside that the guide The Worry Stone can to be a newly purchased friend when you're sense alone and confuse in doing what must you're doing of that time.
