Somebody asked my why did you or why do you write? Well in my prologue I explained what I saw and tried to imitate because I just had to do something to make myself feel better about what I actually thought about my living circumstances and life. In childhood and in most of my life I had scars and secretes, conflicts in my relationships. I had to find a way to let my true self come out without being knocked out all the time..so while people in the house or school played or just slept...I had my dreams and fantasies and desires and I just wanted to speak up and out. I use to want to be a DJ cause I loved music loved to see people dance and sing on the Ed Sullivan show..but I never got the opportunity because of my real life responsibilities .
