My favorite quote about Paris is from Audrey Hepburn who got it right: "Paris is always a good idea." What can I write about Paris that hasn't already been written? Plenty! I spent the month of May in a charming two-bedroom apartment near the Musee d'Orsay. I invited friends to join me and we joyfully immersed ourselves in the art, cuisine, gardens, and shops of what is arguably the most beautiful city in the world. In this unique travel memoir, I take you along with me on my day-to-day journey through beloved arrondissements accompanied by illustrious color photos. Whether you are there for 3 days or 3 weeks, Paris has a way of capturing your heart that stays with you while you are there, and long after you go home. I hope my book will spark your desire for the next flight to Charles De Gaulle. For everyone who has ever dreamed of going, and for those of you who have been there, here is my personal love letter to the city of celebrated cuisine, dazzling design, opulent gardens, palatial museums, sumptuous shopping, and hidden surprises around every corner. Paris captivates me like no other place I have visited. I will never be over Paris.
