Rise From The Ashes (Countdown to Armageddon) (Volume 4) Darrell Maloney

Sometimes the best of plans fall short. Scott Harter thought he'd covered every base, and planned for everything. His family was safe and comfortable, months after solar storms destroyed modern society and turned the world's cities into killing grounds. But he never planned on a good friend needing medicine that only he had the capability to deliver. And he never expected to be stranded in a decimated city, shot by bandits and left to die, then being unable to go home because of a deadly plague. He never expected to be a part of the effort to bring the city of San Antonio back to life once again. And he certainly never thought his family, tucked away in a secure compound ninety miles north of the city, would be fighting for their lives without him.
