In this pair of sensual gay tales, black leather isn't enough to protect men from being dominated completely. The Long Trip has a pair of bikers riding endlessly through the desert. When it's time to camp for the night, sleep isn't the first thing they have on their minds. By the light of the fire, things get sexy and dangerous. In The First Date, our hero decks out in leathers for a ride but never makes it to his cycle. A stalker decides he's going to make his dark fantasy come true by abducting him off the street and taking him to a secluded spot in the woods. Then his captor gets out the rope... Find out how things reach a climax in these gay stories of sex, leather, bondage, breath control, and peril play.
