The Myth of the Birth of the Hero: A Psychological Interpretation of Mythology (Translated) Otto Rank

-English Translation by professional psychologists familiar with the Freudian theories used in the text.

Written by Otto Rank, an Austrian psychologist who was a member of Sigmund Freud's inner circle, this was the seminal work applying the psychoanalytic method to mythology and literature. The later work of Carl Jung and Joseph Campbell's famous *Hero with a Thousand Faces* owe much to Rank's work.

It includes not only familiar Classical and Teutonic mythologies, but legends from India as well as analysis of Judeo-Christian figures as myth.
