About The People of the Mist by H. Rider Haggard

The People of the Mist is a classic lost race fantasy novel written by H. Rider Haggard. It was first published serially in the weekly magazine Tit-Bits, between December 1893 and August 1894; the first edition in book form was published in London by Longmans in October, 1894. The work's importance was recognized in December, 1973, by its revival by Ballantine Books as the sixty-third paperback volume of the celebrated Ballantine Adult Fantasy series. The People of the Mist is the tale of a British adventurer seeking wealth in the wilds of Africa, finding romance, and discovering a lost race and its monstrous god. The penniless Leonard Outram attempts to redress the undeserved loss of his family estates and his fiancée by seeking his fortune in Africa. In the course of his adventures, he and his Zulu companion Otter save a young Portuguese woman, Juanna Rodd, together with her nursemaid Soa, from slavery. Leonard and Juanna are plainly attracted to each other, but prone to bickering, and their romance is impeded by the watchful and jealous Soa. The protagonists seek the legendary People of the Mist, said to possess a fabulous hoard of jewels. On finding them, they immediately become embroiled in the turbulent political affairs of the lost race, which is riven by a power-struggle between its king and the priests of its giant crocodile god. The heroic Outram can

do little more than react to events. The action climaxes in a hair-raising escape by tobogganning a large flat stone down a steep glacier.
